THE EVENING HERALD.

ALL THE NEWS FOR ONE CENT.

See a larger circulation in Shenandoah than any other paper published. Circulation books open to all.

HENSEL'S bomb shell—the Quay-Bardsley certificate—exploded, but the pieces returned and overwhelmed the Democratic leaders with disaster and destruction. It made a big noise but that was all, it didn't even scare the Republicans. Attorney General Hensel has shown himself to be a small man in a big place.

THE usual contemptible practice of destroying election tickets was indulged again yesterday by overzealous partisans at different polls throughout the county, and especially flagrant was this criminal conduct in the Middle ward of Pottsville, several wards of Shenandoah, East ward of Gilberton, and at points up the Schuylkill valley. The Judges should instruct the county constables to watch the polls on election days and report all such infringements on the right of citizenship. The practice should be stopped.—*Republican*.

PHILADELPHIA did herself proud on Tuesday. She grandly rejected Pattison's freak in politics and elected McCreary City Treasurer by 20,000 and gave the gallant soldiers Gregg and Morrison 28,000. All hail Republican Philadelphia that punishes its own thieves and rascals and stands by and rewards honesty and virtue.

THE gallant Major McKinley won in Ohio by a handsome majority. He deserved his triumph. The battle was fought on purely national issues—the tariff and the silver question. Ohio speaks with no uncertain sound for protection and honest money. The people of Ohio voice the sentiment of the country in these questions. They were plainly put and fairly presented and the verdict is that tariff and reciprocity and honest money are the principles for the American people.

45 CENTS PER YARD FOR a good home-made rag carpet. It is one of those extra heavy carpets, made of the best yarn and clean rags. Finest line of Velvet Brussels and Ingrain Carpets in Shenandoah at **C. D. FRICKE'S CARPET STORE.**

On that issue the great battle of 1892 will be fought and won, and on that issue even New York will be Republican.

THE election over there will be a little lull in politics for a short time and then the lines will form for the great Presidential contest of next year. It is probable the National Conventions will be held somewhat earlier than previous years, to avoid the heat of summer, and the campaign will be a long and hard fought one. The campaign of education will, however, begin from now on in the party newspapers. Republicans who want to be kept informed on the leading questions of the day should take the HERALD.

HAZLETONIANS are feeling proud over the fact that they will soon become cityfied.

SOME of Pottsville's wards are really too large and ought to be divided.

FLORIDA ON WHEELS.

The Florida Exposition car, which is side-tracked near the Ashuelot round-house, attracts many visitors, and the general comment is that the exhibition of the state's products and curiosities is well worth seeing. Many kinds of wood, all native in Florida, are shown. Live alligators are to be seen, various kinds of hides, and a number of skeletons and fossils. The agricultural display is large and interesting, the beautiful grasses grown in that region being particularly worthy of mention. An enormous sponge, seven feet in circumference, is to be seen. Fruit of every variety grown in the state is exhibited. The visitor will be astonished to learn what a school of information concerning the land of flowers this "rolling palace" is. The car affords one of the most complete exhibitions of the kind ever shown by any state. Mr. W. S. Webb, who has charge of the car, is a very courteous and well-informed gentleman, who takes pleasure in imparting his extensive knowledge of Florida and her products to those who desire to learn. A visit to the car is sure to repay the caller.—*Keene, N. H. Tribune*. Now on exhibition at the Cherry street crossing of the Lehigh Valley Railroad.

A Surprise. Keep your eyes on this local. Keagrey, the photographer, will have his new opening in a few days and will have something interesting that will surprise the people. If

COLD WEATHER PREDICTED.

What an Old Timer Judges Angle Worms, Etc.

"This is going to be a very hard winter," said an old resident of the Catawissa valley yesterday, "and I'll tell you why I say so. In the first place, look at the hornets' nests. You will find them high up this fall.

"That's a sure sign of a hard winter. If it were going to be a mild winter you would find them near the ground. Two years ago the winter was mild and the hornets' nests were low down.

"Then take angle worms for another sign. Dig in the ground now and you will find them crawling two feet or more below the surface. They know what kind of weather is coming, and they go down to avoid the frost. Two years ago I found them not three inches under the surface and they stayed there all winter.

"Fuzz on hogs is another sure sign of a severe winter. Butcher a hog now and you will find a thick fuzz at the roots of the bristles. The fuzz wouldn't be there if next winter wasn't going to be a tough one. Two or three years ago this fall there wasn't any fuzz at all on hogs, and you know how open the winters were."

Cane Presentation. Among the pleasant things said and done at the Rescue Hook & Ladder Company's banquet, Tuesday evening, we overlooked one of the most important. It was the presentation of a handsome gold-headed cane to the veteran member of the company, Benjamin F. Beacher. The presentation in behalf of the company was made by B. G. Hess and David Morgan received the cane in behalf of Mr. Beacher. It is a beauty and the recipient deserved it.

Look at These Bargains. J. Coffey, having just returned from New York City with an entirely new stock of boots and shoes, is now prepared to offer the citizens of Shenandoah greater bargains in this line than ever before. He is offering these goods at such low prices that competitors cannot compete with. Bring your boys and girls and get a pair of double-soled tip shoes at 60 cents, worth elsewhere \$1.00. He is selling men's double-soled leather boots for \$1.75, and the best rubber boots for \$2.25. Remember that the place to secure these bargains is at Coffee's Bargain Store, post office building, corner Main and Oak streets. 11-5-9f

That Explosion. The explosion of the powder mill, near St. Clair, reported in yesterday's paper, did not amount to much. A small building, containing several kegs of powder, blew up, but no one was injured.

With the 19th century dawned the era of wonders. It has also proven an era of surprises—for notwithstanding the giant strides toward knowledge, we are told that there are still in some places a few citizens who have not heard of Salvation Oil.

MAHANAY PLANE.

Newsy Letter From a Reliable Correspondent.

Election day here was conspicuous for the absence of the usual display of partisan feeling and consequent excitement.

It is rumored that the Grand Central hotel property on Bridge street has changed hands, J. F. Powers, of town, having purchased it for \$80,000.

Isiah Monach, the popular jeweler, and Felix Maurer celebrated the opening of the hunting season on Monday by an excursion to the vicinity of Bush Valley. They report game very scarce in those parts.

Some two weeks ago an unsuccessful attempt was made to rob the clothing store of I. Refowich, on Bridge street, the thief being frightened away before securing any plunder. On Wednesday night a second, and more successful attempt was made, entrance being gained by forcing open the rear window of the store. The robbers secured a lot of shirts and overalls.

The drilling of the holes for conveying steam pipes into the mines at West Bear Ridge was brought to a temporary standstill on Monday by the jamming of the casing in the bore hole. It was necessary to send for special tools to rectify the trouble. Drilling was resumed on Wednesday.

The Philadelphia and Reading Electric Light car arrived here on Saturday last, and was put into operation on Monday night, with brilliant effect. The car is located in the lumber yard at the foot of the Frackville road, and is an object of interest and curiosity to many people, containing, as it does within the small space of an ordinary baggage car, a complete and powerful electric lighting plant, capable of operating 20 arc lights of 2,000 candle power each. This is the number of lamps at present in use about the mine and yards.

The plant consists of a boiler located at one end of the car. In front of the boiler is a 30 horse-power Westinghouse automatic engine. At about the middle of the car is a large dynamo of the well known Thomson-Houston type. This is driven from the engine through the medium of a 10-inch rubber belt. The car is fitted up with sleeping benches, lockers, shelves and the necessary tools and work-bench for making repairs to the machinery. In fact it is a most complete and compact affair of its kind.

Pronounced Hopeless, Yet Saved. From a letter written by Mrs. Ada E. Hard, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all, eight bottles; it has cured me, and thank God I am now a well and hearty woman." Trial bottles free at C. H. Hagenbuch's drug store, regular size, 50c. and \$1.00.

The Gossoon. One of the brightest Irish comedy, intermingled with catchy songs, was that of "The Gossoon," in Music Hall last evening. Mr. Carroll Johnson, who assumed the character of "The Gossoon," gave a splendid rendition of the hero of the play and was roundly applauded. His singing and graceful stage presence was indeed flattering. He was well supported. The company carries its own scenery, and the scene of the Killarney lakes in winter, as shown in the third act, was really beautiful.—*Allentown Critic*. At Ferguson's theatre to-morrow evening.

NARROW GAUGE!

BOROUGH COUNCIL ADOPTED IT LAST NIGHT.

ELECTRIC LIGHTS FOR TURKEY RUN

Other Doings of the Borough Societies—Happenings of the Day Recorded—Max Reese Has a Serious Fall.

There was an exceedingly lively meeting of the Borough Council last night and, for a time, when the electric railway question was under discussion, it looked as if somebody would involuntarily go out one of the windows.

The following petition, signed by 39 citizens, was presented and read: "To the President and Members of the Town Council of the Borough of Shenandoah:

GENTLEMEN:—We, the undersigned citizens and residents of the borough of Shenandoah, and owners of livery stables, and drivers of vehicles in said borough, do most respectfully represent: That owing to the great variety in the gauges of the different wagons and carriages, etc., in use in our borough, and knowing that the ordinary gauge is preferable to the broad gauge for the driving public, do hereby request your honorable body to change the gauge of the electric railway company's track which is about to be laid through our streets, and to which you have already given the right of way from that of 62 1/2 inches to 56 1/2 inches, or what is commonly known as the narrow gauge."

Mr. Holman moved that the request of the petitioners be granted and a hot discussion, lasting about ten minutes, followed. Messrs. James, Gable, Wurm and Betteledge claiming that the petition was a creature of the railway company.

Councilman Gable amended that the matter be laid on the table until the next meeting, to give the other side a chance to speak. The amendment was defeated by a vote of 10 to 4 and the original motion was carried by the same vote.

On motion, it was decided that a new electric railway ordinance be drawn, covering all the new points, and that the same be published.

A new petition from the residents of Turkey Run, praying for electric light was read and, on motion of Mr. Amour, it was decided the people be given two lights, one to be placed at the foot of the hill, near the slaughter houses and the other at the school house on the hill.

Complaint was made that the people on South White street, in putting in curbs and gutters, not only disregarded the borough grade, but took up the borough grade stones and replaced them to suit themselves. The Chief Burgess was directed to enforce the ordinance with respect to grades.

Mr. Lamb asked for an order for \$300 for use by the joint committee in the establishment of public water works. The order was granted.

THE WORD CONTEST ENDED.

B. R. Severn, the Grocer, Wins the Prize. Some time ago the Grand Union Tea Company, of 28 South Main street, offered a handsome and valuable piano lamp as a prize to the person who would write the greatest number of times upon a postal card the following sentence: "Grand Union Baking Powder. Eight tickets with each pound." The contest proved a vigorous one and postal cards from expectant prize winners poured in from all quarters. The prize was awarded to B. R. Severn, the East Centre street grocer, who succeeded in writing the sentence 271 times on a postal card. Miss Clara Miller was second in the contest, having written the sentence 258 times. S. Crawford Smith, a draughtsman of Philadelphia, sent in a postal card upon which the sentence was placed 558 times, but it was ruled out upon arbitration as the sentences were actually hand-printed, and not written. The cards are now on exhibition at the Grand Union Tea Company's store.

New Shoe Store. L. Goldman has just purchased a large stock of boots and shoes at a bankrupt sale at Bethlehem. These goods will be sold cheaper than the manufacturer can afford to make them. The opening will take place Saturday, November 7th, in Harington's building, on East Centre street and Market alley. Look at the sign of the star.

To reach the store there are a few steps to climb, but it will pay you to climb them. Square dealing to all.

Be sure to be on time at the grand opening of the Star Shoe Store, Shenandoah, Pa. L. GOLDMAN, Manager.

SECOND ANNIVERSARY.

Major Jennings Council, Jr. O. U. A. M., Celebrates the Event.

Two years ago last evening Major Jennings Council, No. 307, Jr. O. U. A. M., of town, was instituted, and in celebration of that event a grand musical, literary and comic entertainment was given in Ferguson's theatre last evening before a large and appreciative audience. It was one of the largest audiences of the season, and after the rising of the curtain a seat in the house was unoccupied.

Previous to the entertainment a short street parade was participated in by the members of the order, after which they repaired to the theatre.

The entertainment was opened by the tableau, "Virtue, Liberty and Patriotism," with Misses Emma Sanger as "Justice," Emma Solzar as "Liberty," and Clara Saltzgar as "Patriotism." Much credit in this respect is due W. J. Jacobs, who originated the tableau feature of the entertainment, and through whose efforts they were so successfully given. Rev. D. S. Stauffer gave a short address upon the principles and objects of the order, showing the fundamental principles to be their appellation to unlimited restriction of immigration, and the defense of the public school system. His address was enthusiastically received. Misses Ruth Williams and Edith Morgan sang the duet entitled "Drift My Bark," and the Social Glee Club also favored the audience with several selections. The declamation by Frank Williams was very good, as were also the selections rendered by the Leisure Hour Quartette.

Master of Ceremonies, C. T. Straughn, gave a short address on the American flag, after which the feature of the evening was presented in a tableau entitled "Equality, Justice and Education," with Misses Jennie Williams as "Equality," Ruth Williams as "Justice," and Edith Morgan, as "Education." Too much praise cannot be said of this feature of the programme, and especially the appearance of the young ladies. It was pronounced far superior to anything of the kind ever given in the town.

The recitation by Miss Mahala Fairchild, the duet by the Misses Jones, as well as the military drill by the Ellis Brothers, were all received favorably. Miss Gertrude and Master George Phillips acquitted themselves in a creditable manner, especially the latter. Will Bamer sang a solo entitled "The lone grave" in his usual fine style. The literary and musical part of the programme concluded with the tableau "Death of the color bearer," with Thomas Sanger in the role of the color bearer.

The "Bucky Initiation" was then presented, and kept the audience in a continuous roar of laughter. Pete Gaughan, as the candidate, was a whole show in himself.

The entertainment gave universal satisfaction, and much credit is due those who managed the affair. The Council will realize about \$100 from the venture.
